

# Missaving our Dismocracy

(February 2024)

In order to save our Democracy, isn't it urgent to immediately ban all forms of Artificial Intelligence (AI) and all mis-dis-information, lest us gullible public be irreversibly misled, disled, mistaken, and distaken in our general perception of the universe?

To test your iconographic and democratic perceptiveness regarding genuine and fabricated imagery, please select the correct answer for each image below.

Please respond to this particularly difficult quiz with your score, between -5 and +5

Thanks for your perspicacity. Your reply will help protect the future of our children.
