LIBERTY, EQUALITY, FRATERNITY

LIBERTY: FREEDOM, THE STATE OF BEING FREE, FREE AS A BIRD

EQUALITY: THE STATE OF ONE BEING EQUAL TO ALL AND ALL BEING EQUAL TO ONE

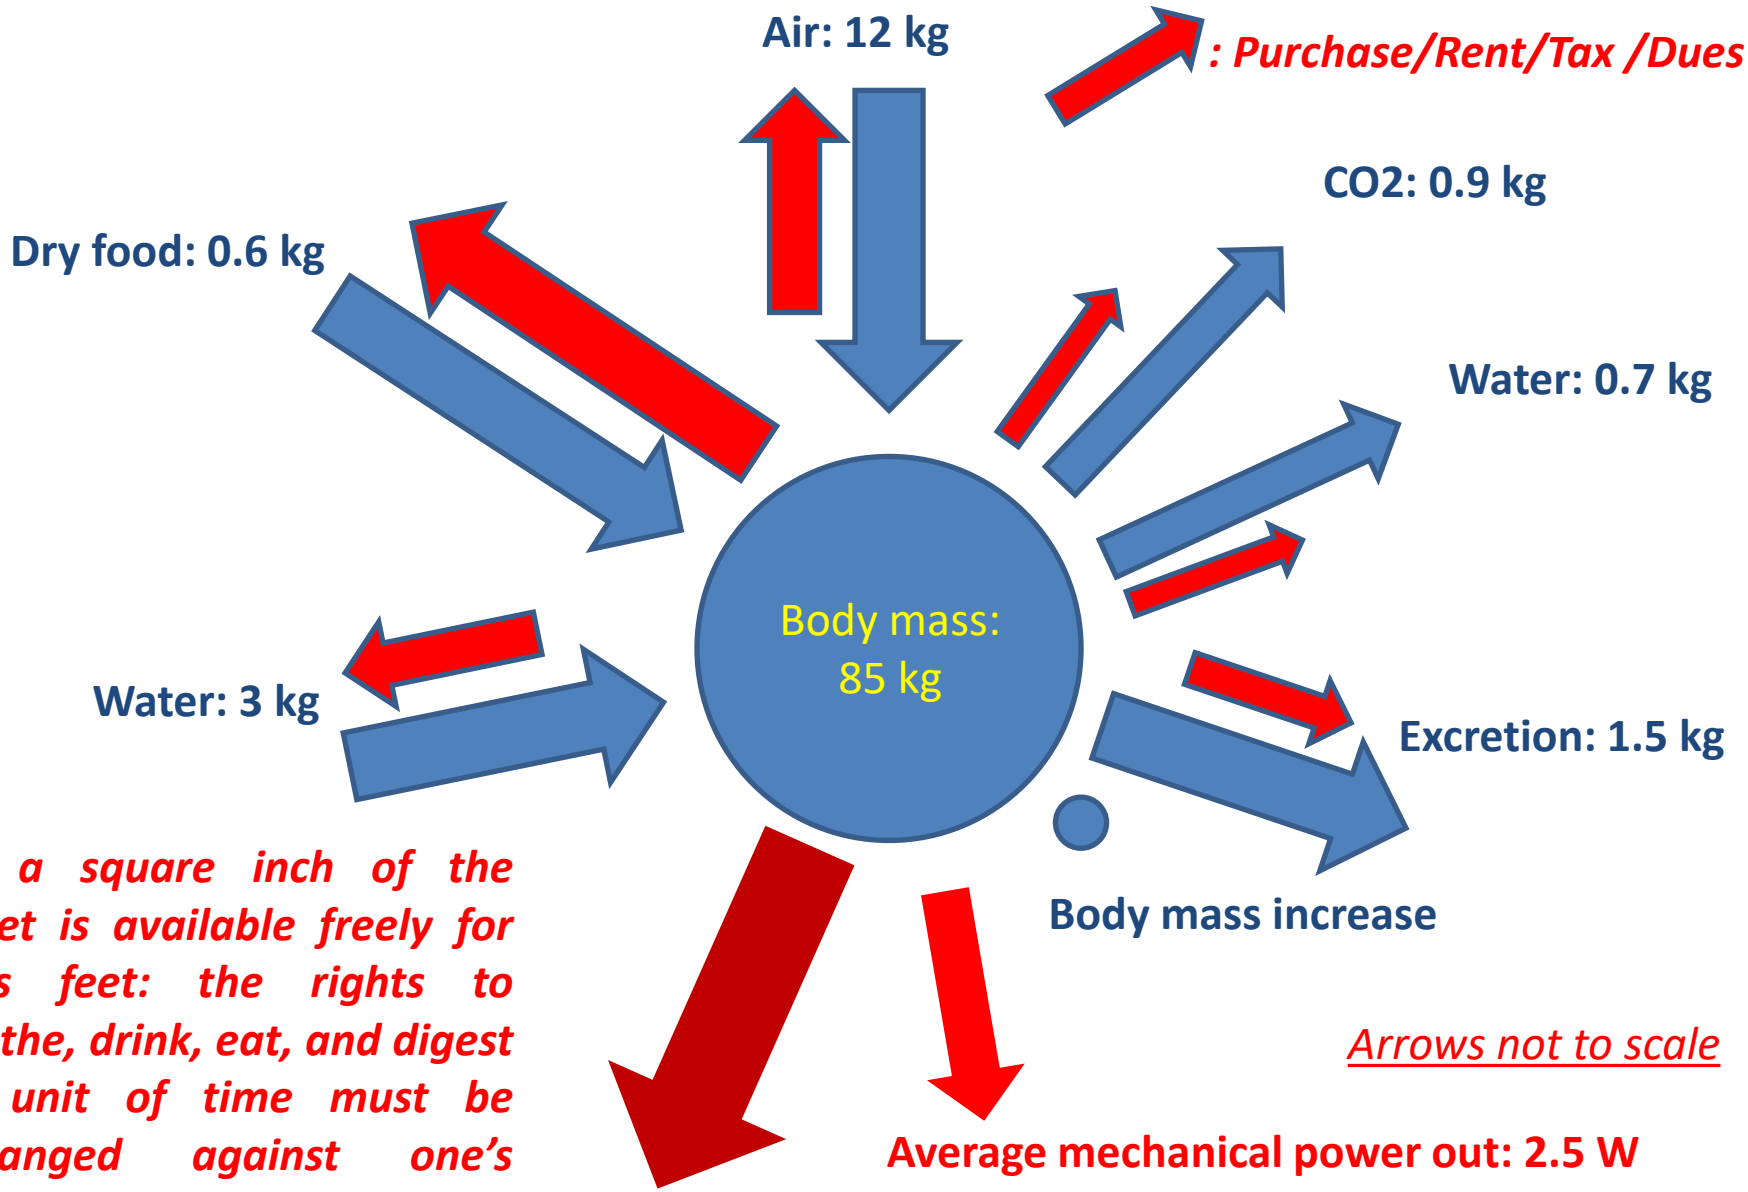

FRATERNITY: THE STATE OF BROTHERLY LOVE, LOVING ONE ANOTHER AS LOVING BRETHREN FROM THE SAME LITTER

IF I WERE A WILD MAMMAL IN A STATE OF NATURE

Every square inch of the planet is equally available for one's body free of charge: the rights to breathe, drink, eat, and digest are reserved to all, mechanical power being used to allow foraging

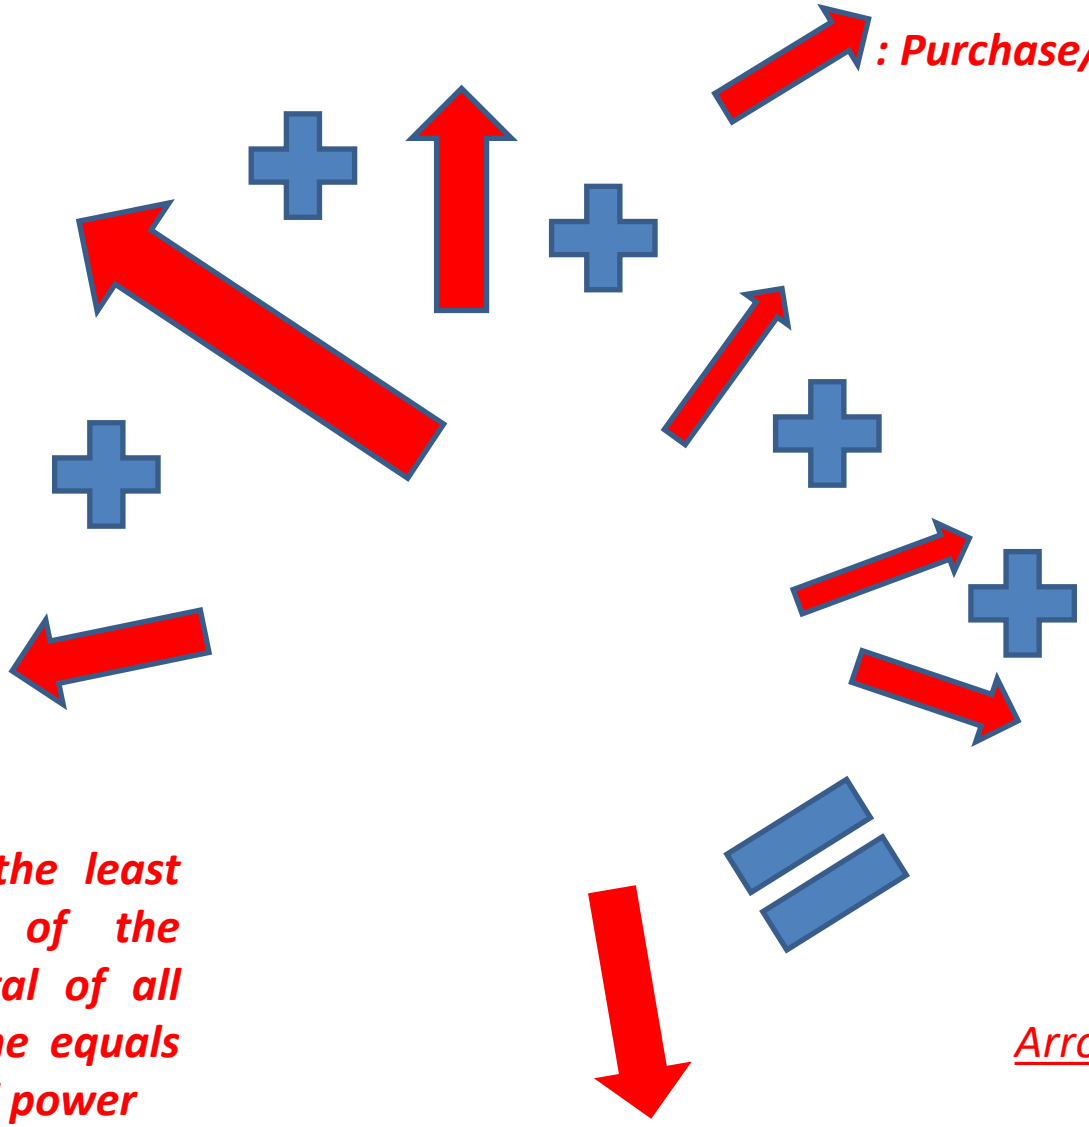

BEING A CIVILIZED MAMMAL IN A STATE OF SOCIETY

Not a square inch of the planet is available freely for one's feet: the rights to breathe, drink, eat, and digest per unit of time must be exchanged against one's released mechanical power

ALL DUES ARE CONVERTED FROM OUTWARD POWER

For the billions of the least fortunate laborers of the planet, the sum total of all dues per unit of time equals produced mechanical power

Average mechanical power out: 2.5 W

IVM

NOT ALL BRETHREN ARE EQUAL

EXTERNAL INCOMING POWER: up to 10 MW (ten million watts)

For those whose revenue exceeds the world average, external power received from the myriads of laborers greatly exceeds individually produced power, up to four million-fold the average

LIBERTY, EQUALITY, FRATERNITY

LIBERTY: FOR THE MAJORITY OF THE PLANET'S BILLIONS THERE IS A CHOICE BETWEEN FREEDOM AND SURVIVAL, THE LATTER BEING EXCLUSIVE OF THE FORMER, FOR THE HUMAN MACHINE SUFFERS NO STOPPAGE

EQUALITY: THE DECLARED AMBITION OF EACH IS TO RISE AS HIGH AS POSSIBLE ABOVE MATERIAL EQUALITY, FOR WEALTH AND EQUALITY ARE MUTUALLY EXCLUSIVE

FRATERNITY: REF. BOOK OF GENESIS IV:I–IX: " AM I MY BROTHER'S KEEPER?"
