

Paper Tigers

(September 2025)

The President just declared:

*"Russia has been fighting aimlessly for three and a half years a War that should have taken a **Real Military Power less than a week to win**. This is not distinguishing Russia. In fact, it is very much making them look like **'a paper tiger'**."*

By contrast, had the United States ever been a "paper tiger", heaven forbid, the record would not show that it took American Military Power only six days to defeat North Korea in 1950, five days to defeat Vietnam in 1955, four days to defeat Afghanistan in 2001, three days to defeat Iraq in 2003, and just one day to defeat the Houthis in 2024.
