

Genocide

(September 2025)

1. **Article II of the 1948 United Nations Convention on the Prevention and Punishment of the Crime of Genocide** reads as follows:

"In the present Convention, genocide means any of the following acts committed with intent to destroy, in whole or in part, a national, ethnical, racial or religious group, as such:

- (a) Killing members of the group;
- (b) Causing serious bodily or mental harm to the group;
- (c) Deliberately inflicting on the group conditions of life calculated to bring about its physical destruction in whole or in part;
- (d) Imposing measures intended to prevent births within the group;
- (e) Forcibly transferring children of the group to another group."

2. **Now therefore, determine the minimum number of victims that qualifies for a genocidal designation?**

100 million	10 million	1 million	100,000	10,000	1,000	100	10	1	0
-------------	------------	-----------	---------	--------	-------	-----	----	---	---

3. In your opinion, is the figure determined in 2. above representative of the generally envisioned public understanding of the word "genocide"?
